

ATTENTION PARENTS

December 1, 2019

As many of you know, California is in a period of economic change. In the last 5 years' wages have dramatically changed. First School has done its best to absorb these wage increases and not pass on the burden of this financial change to our cliental.

Unfortunately, with another wage hike in January we must increase our rates, in order to compensate our employees accordingly. Even with the increase of our rates we feel that we are still very competitive in the marketplace. We provide a safe, fun filled learning environment that enriches your child's life on a daily basis. This increase will allow First School to continue to provide quality education and take care of the staff members who love and serve your children. The increase averages out to \$2.50 more per day.

Effective January 1, 2020 the rates will be amended to the following:

La Quinta & Palm Desert
